DETAILED ACTION

Claims 1-13 have been canceled by applicants' amendment, filed 1/6/05.

Allowable Subject Matter

Claims 14-20 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: With respect to independent claim 14, and dependent claims 15-20, the prior art of record does not disclose nor teach an ion implanting apparatus comprising an implanting chamber including an implanting base having a two guiding pillars with a guiding trench means for guiding the irradiation tray, a current integrator which is electrically connected to the implanting base, an insulative sleeve having a guiding slot, wherein the two guiding pillars are positioned at two sides of the guiding slot, in combination with the remaining aspects of the independent claim. Since this aspect is neither disclosed nor taught, independent claim 14, and dependent claims 15-20, which also include this aspect are deemed allowable over the prior art of record. In addition, the applicants' arguments, see amendment, filed 1/6/05, with respect to claims 14-20 have been fully considered and are persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
